
From: The Stewards

Date: 1st October 2022

To: All Competitors and All Officials

Time: 10:40 hrs

The Stewards notify all competitors and officials that whilst noting GT4ES Sporting Regulation 29.11, it is permitted for teams to use wet tyres for the transit of cars from the paddock to the pit lane prior to the start of the qualifying session.

Teams must change the tyres to the specified slick tyres before entering the track (unless weather conditions dictate otherwise).

The start of the qualifying session will not be amended or delayed.
