Report N°11 – Paul Ricard 2024

Following a technical inspection this morning in presence of various team representatives, two Manthey/Porsche Customer Support representatives including the representative that wrote the earlier repair report, and the Technical Delegate of the Series, it has been jointly agreed that condition of chassis of car #131 (chassis number WP0ZZZ987RK299594 – Safety cage N° CP#873#) is satisfying to take part to Race 2 of the current meeting.  
The team will have to change the front section of the chassis for next meeting to fully comply with Porsche recommendations.

As a result, car #131 is deemed conform to participate to Race 2 of the meeting.
